The Municipal Commr Devangere
while forwarding to the Sanctioned
Budget Estimates of the Devangere
MIS has stated that the deletions
made by Govt require further revision
He has made Certain suggestions
to retrench certain existing staff
as a measure of economy and has
promised to send specific proposals
shortly He has pointed out that the
income from the sale of sites as low
as the present rate of disposing of the
sites at upset prices instead of
auctioning auctioning on the
strength of restrictions
He has further stated that a
the Sanctioned Budget estimate

23
MI Budget Estimate of Davangere City-MI-
Sanctioned No 50 dated 9/1/53

Govt have retained a sum of
Rs 88600 against the provision
of Rs 248,600/- for Construction
of underground drainage. He
requests that a sum of Rs 160,000/-
may be Completed with from the
State Budget towards the above Scheme

3 Under Original works Govt have
deleted the provision of Rs 30,000/-
meant for Covering unavoidable
works of urgent nature and sums
required for annual maintenance and
repairs. He requests that a provision
of Rs 80,000/- is absolutely necessary
to make payment of bills pending on
this score. In addition to these he has
requested for a provision of Rs 10,000/-
for fresh urgent works

4 The provision of Rs 36,000/-
made for Construction of a Restaurant-
Building by the MI Scheme has been deleted
The MI Commr says that this item of
work is very essential and hence
this may be sanctioned
The hon Speaker stated requested

Budget Estimates of Davangere City Municipality for 1952-53 - Re-appropriation etc.

The Commissioner, City Municipal Council, Davangere, has approached Government with the following proposals and seeks sanction of Government thereon:-

1. To stop the contribution of Rs.40,000/- to the Occupational Institute, Davangere, provided in the Budget Estimate on account of the Financial crisis of the Municipality and utilise the same by reappropriation for meeting other liabilities.

2. To reappropriate a sum of Rs.1,20,000/- from out of the anticipated savings under E.Public Health and divert it for the expenditure under Public Works in order to enable the Municipality to complete the several works (old and new) already undertaken and also to take the construction of a hotel near the Bus Stand at a cost of Rs.30,000/-.

3. To sanction a liberal grant to the Municipality on the eve of such a financial crisis in order to enable it to discharge its outstanding liabilities to Government to the extent of Rs.1,23,412/-.

The sum of Rs.40,000/- provided and sanctioned by Government in the Budget estimates for 1952-53 is the contribution of 1951-52 and 1952-53 at Rs.20,000/- per year If the payment is stopped during this year also, the arrears would accumulate and with the present financial position of the Municipality, it may not be possible for it to pay the heavy accumulated contribution to the

Contd.

Occupational Institute and, may ultimately lead to a claim for, contribution from Government It is not clear as to why the Municipality should think of postponing the, payment of this obligatory dues to an institution when the welfare and maintenance of such an important institution will be adversely affected by such postponement. , Any such step will only burden the Municipality with an additional debi

The request for a reappropriation on the ground that funds are required under Public Works, to finish incomplete works and take fresh ones as suggested by the Municipal Commissioner is not clear when the financial position of the Municipalit is precarious and what is required is the clearance of its heavy dues to Government and concentration in improving the revenue by collecting the heavy arrears under rates and Taxes and revenue derived from Municipal property etc ,Instead of asking for more funds for fresh works and incomplete works, it is better that un-important works are deferred till the financial position improves

The proposal to construct the Bus Stand restaurant cannot be agreed to in the context of the present financial position of the Municipality Moreover, the urgency for the construction of a restaurant does not appear to be so great as it is made out to be, and when there are assuredly other restaurants in the City for catering to the needs of the Public

The Commissioner has given a lumpsum

N/3

figures of Rs 1,63,319/- as the anticipated savings under the above Head out of a provision of Rs 4,69,563/- and no explanation is given as to the minor heads under which the savings are anticipated Under the circumstances, it is not possible to verify and certify the correctness of the figures furnished by the Commissioner Accepting that the anticipated savings of Rs 1,63,319/- is supported by details the proposal of the Commissioner to re-appropriate a sum of Rs 1,26,000/- out of this may be sanctioned subject to the condition that the funds so made available should be earmarked for discharging the bills aggregating to Rs 81,560/- stated to be ready for payment in the Engineer's and Commissioner's offices, the balance being utilised for discharging, at least in part the heavy liability of Rs 1,23,412/- due to Government A

There is yet another strange request from this Municipality that Government should liberally give a grant to enable the Municipality to repay and discharge its several liabilities The impropriety of such a proposal from the Municipal Commissioner from the financial point of view is patent

It has also to be pointed out here that the Municipality has failed to utilise the loan of seven lakhs of rupees granted to it by Government for the precise object for which it was meant and there is a separate file on the subject

The figures furnished by the Municipal Commissioner in Statements "A" and "B" enclosed with his letter indicate that there is a heavy fall of revenue over the budgetted figures resulting in

N 3/3

Budget Estimates of Davangere city mlty 8023/ml
Sanctioned in G.O. dated 9-1-53.

in heavy minus balance at the end of the current official year. What is important and urgent for this Municipality at its present financial juncture is to stop all unimportant Public Works undertaken indiscriminately by the Municipal council without due regard to its financial position and to seriously and vigorously tackle the subject of the rehabilitati of its finances by the collections of all its heavy arrears and augment its sources of revenue

Bangalore-1

Sir, CMD 17-52-4

SUBJECT Budget Estimate of the Davangere City Municipality for the year 1952-53 as sanctioned in Government Order No L 17291-93/C M 17-52-3 dated 9th January 1953

With reference to the above Government Order conveying approval of Government to the Budget Estimates of the Davangere City Municipality for the year 1952-53, I write to enclose two statements furnishing anticipated Receipts and Expenditure as also the savings under Expenditure Heads The Statements also contain the actual Receipts and Expenditure upto end of 31st December 1952 together with anticipated receipts and expenditure for the next three months The fall under the receipt head is mostly due to the slump in trade prevailing in Davangere and adverse seasonal conditions Consequently, there has been fall under the Octroi, Toll and Professional taxes The paying capacity of the tax payers has been considerably reduced on account of the depression in trade This has resulted in a considerable fall of realisations under Mohatarfa tax This is also the reason why the realisations under sale of lands has fallen appreciably

Under C-15-Sale of Sites-available in the Regulated Market area at Davangere, the Government in their order No AF 672-5/Mart 39-49-2 dated 19th April 1950 had ordered that the entire amount to be realised by sale of sites may be given to the Municipality after deducting the cost of acquisition -

acquisition and other charges in respect of lands immediate required for the construction of A and A1 blocks of the mai area Accordingly, this year a sum of Rs 71,317/- was rec and an expenditure of a slightly higher sum has already be incurred for formation of roads, laying ~~wa~~ in water pipes, struction of water troughs, curbing of roads, formation o ovals, drainage works etc The Municipality has hot been able to realise any sum over and above the expenditure that has been incurred for the above works It will thus be see that as Budgetted for according to the draft budget estimate the normal receipts amounting to Rs 7,10,978-0-0 ~~7,19,588~~-0-0 have been realised by the end of 31st December 1952. As pointed out by Government, utmost economy under every item of expenditure will be effected It is proposed to effect the following retrenchment in the existing staff The matter will be placed before the Municipal council for their approval and final pro posals will be submitted to Government shortly

Municipal Engineering Section

Name of Post	Total savings per month
Water Inspector (Additional)	Rs 123- 1-0
Overseer	Rs 192- 5-4
Sub Overseer	Rs 117-13-0

Health Section

2	Health Inspectors	Rs 164-9-4
12	Malaria Gang coolies	Rs 456-0-0
10	Stray Cattle Catchers	Rs 380-0-0
7	Conservancy carts	Rs 560-0-0

Revenue Section

1	Octroi and Toll inspector	Rs 123-1-0

Total cost 2,116-13-8 P ~~M~~ Or
Rs 25,402-2-0 Per year

In this Municipality, sites are being disposed off in accordance

accordance with certain resolutions of the Municipal council at rates fixed by them for sites in several colonies instead of auctioning the sites Copies of the resolutions are enclosed for the kind information of Government Usually applications are being entertained for sites and disposed off by the Presidents as per the resolutions

Under public works, the Municipal Council had submitted for sanction a provision of Rs 7,14,000/- in their draft budget proposals under the following heads

1	Construction of the New Municipal Office Building	Rs	1,40,500- 0-0
2	Construction of Underground Drainage	"	2,48,600- 0-0
3	Construction of Vegetable Market 58 Stalls	"	15,570- 0-0
4	Construction of open platform type stalls in the Vegetable Market	"	29,480- 0-0
5	Construction of Vegetable Market covering Stalls	"	15,750- 0-0
6	Construction of Municipal High School building	"	75,000- 0-0
7	Construction of swimming pool	"	40,000- 0-0
8	Construction of a Restaurant building in the New Bus Stand	"	36,000- 0-0
9	Construction of latrines and water taps etc in the new Bus Stand area	"	4,000- 0-0
10	Incomplete urgent works such as formation of roads, construction of drains etc already undertaken and are in progress	"	73,516- 0-0
11	Provision for urgent and unavoidable works of urgent nature such as construction of drain and opening a conservancy etc ,	"	30,000- 0-0
12	Balance of Municipal quota of contribution payable towards underground drainage works in P J Extension - carried out in previous years by the Sanitary Bureau	"	6,584- 0-0
		Grand Total Rs	7,14,000- 0-0

The Government in their order of 9th January 1953

have deleted provisions for the following items

Vegetable Market Stalls	Rs	15,750-0-0
Municipal High School Building	Rs	72,000-0-0
Swimming pool	Rs	40,000-0-0
Restaurant Building	Rs	36,000-0-0
Urgent and unavoidable works of urgent nature	Rs	36,000-0-0

While Rs 2,48,600/- was provided for construction of underground drainage, Government have retained only a sum of - Rs 88,600/-, on the ground that the request for an allotment from the State Budget to the extent of Rs 1,60,000/- could not be complied with for want of funds Davangere is a raising City with a large population of Capitalists, merchants and labourers The necessity for underground drainage need not be stressed The Municipality has already executed the work in several stages and bills to the extent of Rs 54,499-10-0 have already been paid A sum of Rs 23,173/- has yet to be paid in respect of bills which are ready pending payment

Under original works, a number of estimates had been sanctioned prior to my taking charge and are in several stages of execution While the Government have retained provision of Rs 73,516/- for incomplete original works such as formation of roads, construction of drains etc already undertaken and which are in progress, the Municipality has already incurred under this head an expenditure amounting to Rs 69,322-1-0 while the bills payable for works already executed amounts to approximately Rs 80,000/- It will thus be seen that the sanctioned estimates for the above unavoidable works of urgent nature under incomplete as well as fresh original works amounts to Rs.1,49,322-1-0 The Government in their order of the 9th January 1953 have deleted the provision of Rs 30,000/- meant for covering unavoidable works of urgent nature and sums required for annual maintanance and repairs In order to make payment of bills pending payment in the Engineering Section as well as in the Commissioner's office, a further

provision

provision of about Rs 80,000/- as detailed below is absolutely necessary

Provision made for incomplete works already undertaken and which are in progress	Rs 73,516- 0-0
Deduct amount of bills already paid for works executed	Rs 69,232- 1-0
B a l a n c e	Rs 4,183-15-0

Amount of bills ready for payment in the Municipal Engineer's Office		Rs 69,560-0-0
Amount of Bills ready for payment in the Commissioner's office		Rs 12,000-0-0
	Total	Rs 81,560-0-0

Deducting a sum of Rs 4,183-15-0 the balance of bills payable will amount to Rs 77,000/- Or Rs 80,000/- in round figures This provision does not take into consideration the unforeseen and emergent items that have to be executed in the next three months Hence a provision of Rs 10,000/- for fresh urgent works will be necessary

Another item which has been omitted in the aforesaid Governme order is the construction of a Restaurant Building by the side of the New Bus Stand which is absolutely necessary in Davangere as several busses start from this place to all parts of the Chitaldrug, Shimoga, Bellary and Dharwar Districts Moreover Davangere lies on the Bangalore-Bombay route Passengers break their journey at Davangere and find nece[illegible] restaurant at the Bus Stand very acutely With this object in view, the Municipality undertook to construct a restaurant building by the side of the Bus Stand at a cost of Rs 36,000/- in accordance with the layout approved by the Government Architect Due provision for thi was made in their draft budget estimates and approved by the Municipal Council and sent to Government for sanction The Government deleted this provision on the score that the financial position of the Municipality is unsatisfactory However the Municipal counc urges once again the necessity for the restaurant building and

F

requests that provision made in the draft budget may kindly be retained and the Municipality permitted to undertake the construction of the restaurant building before the close of the official year Hence an additional provision of Rs 36,000/- will have to be sanctioned bringing the sum total of additional provision to Rs 1,26,000/- The Municipality has committed itself by already undertaking several works both fresh and incomplete of urgent nature which cannot be stopped at an incomplete stage for want of budget provision, as the works half done Or are nearing completion will go to waste by exposure to sun and rain if not completed Hence in order to complete the works already undertaken the sanction of Government may kindly be obtained and communicated for the reappropriation of - 1,26,000/- from out of the anticipated savings under Budget head E-Public Health and Conveniences as indicated in the expenditure statement enclosed

The Government have observed that the financial position of the Municipality is very bad and have suggested to the Municipality to effect economy under every item of expenditure besides effecting all possible retrenchments The Government have retained under F-2 Contributions a provision of Rs 45,000/- out of which a contribution of Rs 40,000/- is to be paid to the Occupational Institute at Davangere Since the Municipality is unable to discharge its day to day obligations of a purely civic nature, the Municipality will not be in a position to bear the heavy recurring expenditure of Rs 40,000/- out of its meagre resources in its present financial crisis Hence the Municipal council have already communicated to the authorities concerned its inability to contribute this sum Therefore, this provision may kindly be permitted to be utilised by reappropriation for meeting the liabilities referred to above However, the Municipal council have sanctioned a sum of Rs 600/ to be utilised for giving Scholarships to the students of the Occupational Institute This provision may kindly be ordered

to

to be retained as the scholarship is only intended to be given to such of the students who cannot prosecute their studies in the Institute but for this help

Stringent action is being taken to collect heavy balances outstanding under most heads of revenue especially under Mohatarfa tax Action to disconnect water supply connections in respect of defaulters is being resorted to, to improve the collection under water tax The suggestions of Government to take up only such works, the estimates for which have been sanctioned by competent authority and subject to availability of funds will be strictly adhered to

I may be permitted to place before the Government the present financial position of the Municipality as stood on 1st January 1953 along with particulars of the Liabilities which the Municipal Council have yet to discharge

FINANCIAL POSITION

Opening Balance as on 1st January 1953	8,611-0-0
Receipts during 1952-53 upto end of December 1952	7,10,978-0-0
Total Receipts	7,19,589-0-0
Total expenditure from 1st April 1952 to end of December 1952	7,07,538-0-0
Closing balance at the end of 31st Dec '52	12,051-0-0

In addition to the closing balance of ~~Rs 12,051-0~~ Rs 12,051/- referred to above, the Municipal council had held investments amounting to Rs 83,355/- in the Davangere Taluk Treasury and in the Mysore Bank on 1st January 1953

1	In the fixed Deposit in the Taluk Treasury	Rs 10,000/-
2	S B Current deposits * (this sum includes the Government grant of Rs 50,000/- sanctioned for the current year for the construction of R C C Tank)	Rs 66,944/-
3	Thrift deposits	Rs 6,411/-
	Total	Rs 83,355/-

While the financial position of the Municipality was as indicated overleaf the Municipality has yet to discharge the following liabilities as stood on the 1st January 1953 as and when funds permit out of the general revenue of the Municipality These items remain undischarged on the date of this report

1	Interest on loans including the annuity on the loan amount of Rs 7,00,000/- to be paid to Government *	Rs	60,999/-
2	Arrears of Education Cess to Government and Health Cess	Rs	16,288/-
3	Bills payable to the Government Press	Rs	1,026/-
4	Contributions towards vaccine lymph	Rs	693/-
5	Electric Bills pending Since August '52 under lighting and power	Rs	17,247/-
6	Medical contributions due for 1951-52 @ Rs 10,000/- per annum	Rs.	20,000/-
7	Pensionary contributions payable in respect of retired officials	Rs.	4,446/-
8	[illegible]	Rs	40,000/-*
			Rs 1,23,412/-

* This provision will have to be utilised to refund the Earnest money of the contractors who have deposited with the Municipality a sum of about Rs 3,20,753/- and who may claim refund during the year under review

As a first step to discharge the above commitments, I have been crediting to the Treasury a sum of Rs 1,500/- every week Since my taking charge on 19-12-1952 a sum of Rs 6,000/- has been already credited upto date This has been taken into account in computing the above liability

It is seen therefrom that the Municipality has to discharge this heavy liability aggregating to a sum of Rs 1,23,412/- during the current year, in additional to the other heavy claims of over Rs 80,000/- to be discharged in respect of the claims of several contractors who have executed several public City Improvement works

With the present meagre finances of this Municipality, this has been a pressing problem to be solved

I may be permitted to state that unless the Benign Government

Government were to come to the aid of the Municipality, it would be a difficult problem for the Municipality to meet and discharge the above mentioned heavy commitments

In the circumstances, I request that the Benign Government may be kindly moved to sympathetically consider the above aspects and to kindly sanction a liberal grant to the Municipality to discharge the outstanding liabilities

Forwarded

Proceedings of the Special General adjourned meeting of Davangere City Municipal Council held on 2/3-5-49 at 5 P.m. in the Council Hall of the City Municipal Office.

President: Sri.K.T.Jambanna.

Subject.

1. It is previously resolved by the Municipal Council to remove the huts put up by the side of Bethur Road - and these residents are urging for the grant of separate sites to them. Hence it is proposed to consider the question of granting sites to them in Ahamed Nagar Cooly Colony extension.

Resolution:

Resolved that the President may dispose of dispose of newly formed sites in the Ahamed Nagar Cooly Colony extension subject to the following conditions:-

1 Upset price may be levied at the rates of four annas, six annas & eight annas respectively for Sq. yd in consideration of the importance of the individual site.
2.Not more than one cottage shoulds be allowed to be built in any one site.
3.Sites to be resumed if the parties fail to construct pucca building within a period of two years.
4. Proper Muchalika to be obtained for due fulfilment of conditions of grant. No site should be granted to such individuals who give room for forcible removeable of their huts by the Municipality.
5 The grantees of the sites should build cottage or house on these sites without allowing them to ~~the~~ vacant and dwell therein. The grantees will have no right to rent the cottage.
6 It is unanimously resolved that sites measuring 30' x 50' should be disposed of only by public auction

Subject Budget Estimate
for Bombay City Municipal
for the year 1952-53 as sanc-
tioned by Govt vide No. L 17291-93/CM
17-52-3 dated 9.1.53

Sir,

With reference to your
letter No. M.C 17/52130 dated
17.1.53 on the above subject
I am directed to convey approval
to the re-appropriation of a sum
of Rs 26 000/ out of the antici-
pated savings of Rs 1,33,319
under the Budget Head E-Public
Health and Conservancy. Subject
to the condition that the funds
so made available will be used
for discharging the
bills aggregating Rs 81,560/-

Received on
11/7/53 at 4.55 P.M

stated to the Roads for payment at the Engineer's office and Conveyor's offices, the balance being retained for discharging, at least in part the heavy liability of Rs 1,23,412/- due to Govt.

As regards your other proposals, I am to observe as follows:-

4) The sum of Rs 40 000/- provided and sanctioned by Govt in the Budget estimates for 1952-53 in the Consolidation of 1951-52 and 1952-53 at Rs 20.000/- per year to the Accompanied Districts, Vaccinnes. If the payment of Clipped this year also, the arrears could accumulate and divide the present financial position of the Board, it may not at all be possible to pay the heavy accumulated arrears to the Districts. Such postponement to the important Institutions will adversely affect the welfare and maintenance.

2) The Request for a Re-appropriation on the Ground Water-Funds are Required under public Works

To fresh incomplete works and
Cater fresh ones ~~as proposed~~,
~~Cantt~~ Nov it is not clear acceptable
criteria the financial position of
the Municipalities as the revenues
and ~~what~~ what is more important
is the clearance of the heavy
debts to GOK and Corporations
on the principle the revenue by
Collection the heavy arrears
~~Rates~~ Rates & Taxes and Revenue
derived from municipal
property etc Instead of asking
for more funds for fresh
works and incomplete works,
the circumstances warrant that
incomplete works are deferred
until the financial position
improves

3) The proposal to construct
the Bar Stand / Restaurant on
the market by the present ~~Chairman~~
Chairman Councillors the Municipal
the argument for which is not
to be accepted when there are
other restaurants for catering of
the needs of the public can
hardly be accepted Convincing

5) Mineral Grant from East

has been asked for to enable the Municipality to repay and discharge the several debentures It has to be pointed out, that a sum of Rs 7 lakhs was paid to the Municipality recently after the Commission visit & ascertained from the Controller, S.D.O. that the amount has not been utilised for the purpose object for which it was meant and has been diverted otherwise Rs 5 yet another grant of Rs 60 000/- has been sanctioned for the completion of the 2nd R.C.C. tank A sum of Rs 15.4 lakhs is also sanctioned for providing drainage made from Star Bar pump House to the R.C.C. tank at Davangere for the improvement of water supply in the place The Govt. have been very liberal in granting necessary sanction & even some financial difficulties

6) The statements sent enclosed to your letter disclose

18

a heavy fall of Revenue
over the budgeted figures
Recalling we a heavy arrears
Balance the Records for
this State of affairs Lies
on Stopping all non important
public works undertaken
Indiscriminately by this
Municipal Council in that
Regard to the finances and
on Seriously Considering the
question of Reliable Cutting
the finances by the Collection
of all heavy arrears outstanding
and augmenting the Resources

Yours faithfully

21388/c H17-52-3 11/3 53

The Asst
L S G & Planning Departments

To
The Municipal Commissioner,
Davangere City Municipality.
(thro' the President)

Sir,

Subject Budget Estimates of the Davangere City Municipality for the year 1952-53 as sanctioned in Government Order No L 17291-93/CM 17-52-3 dated 9th January 1953
= = = = =

With reference to your letter No H C 17/52-53 dated 17th January 1953 on the above subject, I am directed to convey approval to the re-appropriation of a sum of Rs 1,26,000/- out of the anticipated savings of Rs 1,63,319/- under the budget head "E-Public Health and conveniences" subject to the condition that the funds so made available should be earmarked for discharging the bills aggregating Rs 81,560/- stated to be ready for payment in the Engineer's and Commissioner's offices, the balance being utilised for discharging at least in part the heavy liability of Rs 1,23,412/- due to Government

2 The request for a re-appropriation on the ground that funds are required under Pulbic Works to finish incomplete works and take fresh ones is not acceptable when the financial position of the Municipality is precarious and what is more important is the clearance of the heavy dues to Government and concentration on improving the revenue by collecting the heavy arrears under rates and taxes and revenue derived from Municipal property etc , Instead of asking for more funds for fresh wor and impomplete works, the circumstances warrant that unimportant works are deferred till the finarcial position improves

3 The proposal to construct the Bus stand restaurant in the context of the present strained finances of the Municipality, the urgency for which may not be so acute when there are other restaurants for catering to the needs of the public can hardly be convincing

4 The sum of Rs.40,000/- provided and sanctioned by Gover... in the Budget estimates for 1952-53 is the contribution of 1951-52 and 1952-53 at Rs 20,000/- per year to the Occupational Institute, Davangere. If the payment is stopped this year also, the arrears would accumulate and with the present financial position of the Municipality, it may not be possible to pay the heavy accumulated arrears to the Institute Such postponement to this important institution will adversly effect its welfare and mainterance

5. Liberal grant from Government has been asked to enable the Municipality to repay and discharge its several liabilities It has to be pointed out that a loan of Rs.Seven lakhs was sandtioned to this Municipality immediately after its conversion into a City and it is ascertained from the Controller, State Accounts Department that this amount has not been utilised for the precise object for which it was meant and has been diverted otherwise Yet another gran of Rs 60,000/- has been sanctioned for the completion of the second R.C C Tank A loan of Rs 15 4 lakhs is also sanctioned for providing main (16 Rising) from Harihar pump house to the R C C Tank at Davangere for the improvement of water supply in the place The Government have thus been very liberal in assisting this Municipality inspite of their own financial difficulties.

6 The statement sent enclosed to your letter disclose a heavy fa of revenue over the budgetted figures resulting in a heavy minus balance The remedy for this state of affairs lies in stopping all unimportant public works undertaken indiscriminately by this Municipa Council without regard to its finances, and in seriously tackling the question of rehabilitating the finarces by the collection of all heavy arrears outstanding and augumenting the resources

Yours faithfully,

11/3
